DEPARTMENT OF BBA

Report Submission: 17/02/2026

Semester:	EVEN	**Academic Year:**	2025-26	**Venue:**	eMUDRA, DEVANAHALLI, BANGALORE
Event Date:	09/02/2026	**Time:**	08:00 am to 05:00pm	**Duration:**	09 hrs.

TYPE OF EVENT: Industrial Visit

EVENT NAME: Industrial Visit to Emudra, Devanahalli, Bangalore.

Target Audience:	BBA 3RD SEM STUDENTS	**Number of Participants:**	100

Objectives:

1. To gain practical knowledge and insight into the production process
2. To witness manufacturing techniques
3. To understand the industry's operations firsthand

Program Introduction: The program was organized by the Department of Management with the objective of providing students with practical exposure to industry operations and corporate practices. Students were taken to **eMudra**, Bangalore, as part of an industrial visit initiative. The visit aimed to bridge the gap between theoretical knowledge and real-world business applications. During the session, students were introduced to the company's core operations, digital solutions, and organizational structure. They also had the opportunity to interact with industry professionals, gain insights into current market trends, and understand the role of technology in business processes.

The Theme of the Event: Industrial Visit to eMudhra Limited. It is a Bengaluru-based licensed Certifying Authority and premier digital trust services provider founded in 2008, specializing in digital signature certificates, identity, authentication, and enterprise paperless transformation solutions. The visit will helped learners understand the necessity and importance of Digital Security.

Detailed Report:

On 09/02/2026 Department of Management had arranged an Industrial visit for 3rd semester students. They were taken to eMudra, Bangalore. The students were gathered at Acharya Main Gate at 7:30am and the bus left the campus by 8:15am. We reached the destination by 9:45am and were taken to the reception desk of the company for registration. Then all students were taken to the Board Room on the 9th floor.

The session started with a greeting and welcome to all the students by the Director of the company online. Then Ms. Lakshmi, in charge for ISR Department of the organisation addressed the students and took over the session. She addressed the students and briefed them about their organisation and the concepts of Organisational Structure in general. Meanwhile, the students were served with coffee, Tea and biscuits. The second session was taken over by Mr. Karthik who practically showed the students how the Digital Signatures actually work and explained the security features in them. Then Ms. Hasini, took a session on Cyber Security and the importance of digital security in current world scenario. After this session, the students were given a break for lunch. The company had arranged for a delicious lunch for all of us which was enjoyed by the students.
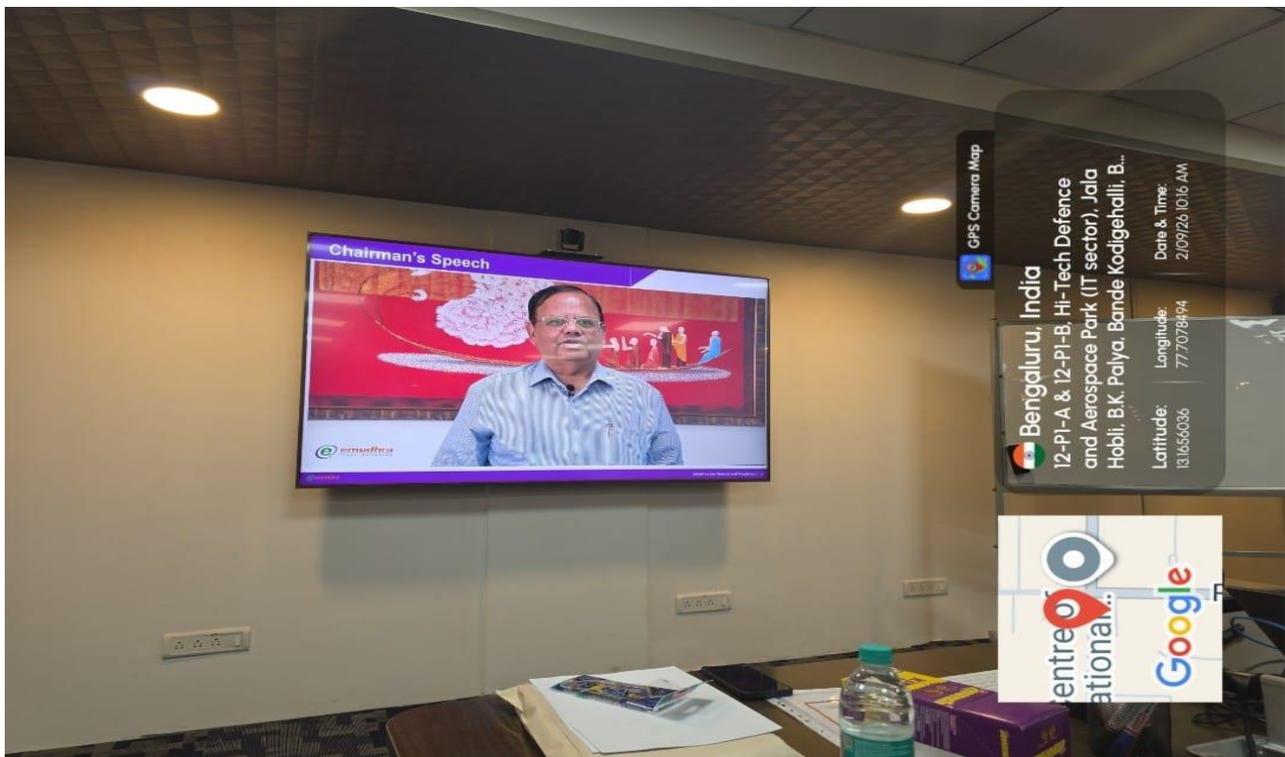

After a break for about 45 mins for lunch, the students were instructed to assemble back in the Boardroom for further sessions. Then Ms. Lakshmi conducted a Group Discussion session for all the students, where the students were engaged well and the students participated will great enthusiasm. Then the last session for the day was a the Soft Skills Development session, where the students were briefed about the various aspects of Resume Building, Body Language, Dressing Etiquette, Pattern of Interviews etc. The students were highly involved and enjoyed all the sessions conducted by the company. Then participation certificates were given to all of us. The company had organised a campus tour, where we were shown some important places of the company without disrupting their regular working schedules.

Learning Outcomes: Industrial Visit to eMudra

1. **Understanding of Digital Authentication Processes:**

   Gained practical knowledge about Digital Signature Certificates (DSC), e-sign solutions, and the step-by-step process of digital authentication and verification.

2. **Familiarity with Cybersecurity and PKI Technologies:**

   Exposure to Public Key Infrastructure (PKI), encryption mechanisms, secure servers, and digital trust technologies used in safeguarding online transactions.

3. **Appreciation for Data Security and Compliance:**

   Insight into regulatory compliance requirements, data protection standards, and quality benchmarks followed in digital security services.

4. **Knowledge of E-Governance and Digital Solutions:**

   Understanding of how eMudra supports government and corporate sectors through e-governance services, paperless documentation, and digital transformation initiatives.

5. **Enhanced Analytical and Critical Thinking Skills:**

   Observation of real-world digital security challenges and understanding how technology-driven solutions address business and compliance issues

Takeaways from the Activity

1.Students were able to understand the functioning of Digital Signature Certificates and PKI systems.

2. Internship and project opportunities in cybersecurity and digital services were discussed.

3. Students gained awareness about starting digital service-based businesses and compliance consultancy.

4. Students became aware of various employability opportunities in IT security and digital governance sectors.

CONCLUSION:

The industrial visit proved to be a highly informative, engaging, and practical learning experience for the students. It provided them with valuable exposure to real-time industry operations and enhanced their understanding of how theoretical concepts are applied in a professional environment. Students actively participated throughout the visit by asking questions, interacting with industry

experts, and observing various processes with keen interest. Their enthusiasm and discipline contributed significantly to the smooth and successful conduct of the program.

The visit not only broadened their knowledge but also improved their confidence, teamwork, and professional outlook. It encouraged students to think critically about industry practices and motivated them to align their academic learning with current market requirements.

I would like to sincerely thank the Management, the Department of Management, and our respected HOD for their constant support, guidance, and coordination in organizing and executing this event successfully. Their encouragement and efforts played a vital role in making the industrial visit a meaningful and enriching experience for all the participants.

Feedback Summary:

Result: Out of 100 students, 48% students said Highly Informative and 46% said Informative. Hence, it is said that the overall feedback is EXCELLENT
